

Hi everyone! My name is **Giulia**. I was born in Imola on 2001. I live in Toscanella, a small town near Bologna. I live here with my family which is composed by my mum Monica, my dad Stefano and my brother Andrea, he is attending the second year at middle school. I live in a house quite big with my parents, my brother, my grandparents, my uncles and my cousin. We have also 2 dogs that we keep in the garden.

I'm not very tall and I'm of average build. I've got brown, straight long hair and light blue eyes. I'm a bit shy with people that I don't know; with my closer friends I'm always happy and funny, instead and with them I laugh a lot.

I attend the second year at "Alessandro Da Imola" secondary school, I chose this school because I love foreign languages like English, Spanish and German. I would like to be able to use languages in my future job and I will move abroad. During the school year I haven't much free time but anyway I love listening to music, reading books and going out with my friends. I also watch Tv, my favourite series is Grey's Anatomy.

I have 2 big passions: photography and mountains.

Since I was very young I have been practising skiing and I'm rather good, I love skiing and fortunately I can go to the mountains several times in the year because I have a flat there.

Recently I have bought a Nikon and a GoPro, I love taking photos. Last summer I could take a lot of photos, here are some of them.

ILARIA

Hi, my name is Ilaria and I'm Italian. I'm from Toscanella, a small town in North of Italy, near Bologna.

I'm 15 and I'm an only child.

I'm not very tall for my age, I've got brown hair with a lot of blond meches and I've blue eyes.

I'm enclosing some photos of myself so that you can see what I look like.

I like animals very much and 3 years ago I had a beautiful white rabbit whose name was Testina. He was so lovely.! I'm enclosing a photo of him.

I attend a secondary school specialized in modern languages "Alessandro da Imola" in Imola, a town near Toscanella. My favourite subjects are English and Spanish, but I hate Math, Latin and Science.

In my free time I go to the dancing lessons twice a week.

I have been practising modern and Latin dance for six or seven years and one Sunday a month I have a competition. The first week of July I was at the Italian championship.

I also like watching videos on Youtube and surf the Internet, write and post photos on social networks as Facebook (<https://www.facebook.com/ilaria.peppi>), Instagram (_ila01; https://www.instagram.com/_ila01/), Snapchat and Ask.

I also like travelling in fact, last summer, I went with my parents to Valencia, in Spain. I love pop and rap music and my favorite singer is Justin Bieber (that I will see on 19 November at his concert in Bologna).

I show up myself

Hi everyone! I'm **Chiara**, I'm 15 years old (but next March, I will be 16) and I live in San Prospero a beautiful small village of a few inhabitants near Imola, the town where my school is, not far from Bologna, capital city of the region Emilia Romagna. Imola's a nice town mainly famous for its racetrack, in Italian "Autodromo" which is one of the few in Italy.

I love living here and I'm fond of this area but when I travel, I completely forget my home and I enjoy the beauty and the features of other places. I'm sure I can fit in in any places.

I attend the second year of high school. My school is specialized in modern languages and I study English, German and Spanish. My favourite is Spanish as I love the pronunciation but I also love English very much as it's very important and one day I'd like to be able to speak to people of different nationalities and manage to travel by myself aboard.

My family is made up of my mum, my dad and I, so I'm an only child. I've a cat, her name is Birba which means "rascal".

I'm very shy mainly with people I don't know. I'm often optimistic. I think I'm a pretty simple girl, I don't wear bracelets or necklace as I don't like them at all and I don't use make up often unlike many of my friends.

If you ask me about my favourite food I would choose Pizza (I could even eat two pizzas). I love eating everything from sushi to legumes, even if I have started to eat them recently. Unfortunately, I love eating and I'm very lazy like my dad. I don't practise sport, I've done volleyball, swimming, dance.

Now I usually go to the gym twice a week.

I don't have favourite music but I listen to a little of everything mainly pop music as for example Justin Bieber, Cold Play, Sia and rappers as Drake and other Italian rappers.

In my free time I go to the gym, I do my homework, I read (I love reading) and I listen to music.

I generally plan my day but I'd like to wake up and do what comes on my mind.

I don't know what I wanna do in the future, if I need my language skills and competence for my job or not but I'll do what I love.

Hi, my name is **Margherita**, I'm 15 years old and I'm attending the second year at high school, in Imola.

I live in Toscanella, that is a very small town near Bologna. I live in a very big house with a garden.

My parents are divorced, so I live with my mum, her new husband and their son, my half brother Luca.

Recently my mum gave me a great news: she is pregnant! She is expecting a baby girl. I am very happy, because I love babies, so I will take care of her like a second mother.

She likes to travel a lot, like me, but my dad doesn't like it so much. I actually miss him sometimes even if my step father is very good to me.

I love travelling abroad also because I love foreign languages and for that I chose this school.

My brother Luca is younger than me. He is 8 years old. As it is for many brothers and sisters, we do not always get on well. When we were younger, we played together more often, we played hide and seek or we played basketball.

Now he's attending the third year at primary school and I often help him with his homework. He always asks me for advice.

I have got brown eyes and I am a blonde haired girl. I love long hair, so I keep it with care. I am not very tall but at least I am thin.

Like every girl, I love going shopping, especially with my mom, because she gives me tips on clothes, she tells me what suits me and what doesn't. We often go to Bologna, because we love it.

I love to be dressed elegant, and I like accessories like bracelets, necklaces, rings and earrings very much.

I love to drink hot chocolate or hot tea with biscuits at my home or at my friends'.

We always chat a long time and we aren't aware of the time passing.

I like summer a lot. I like this season because I love hot weather, the sun, holidays and especially I love the sea. I consider myself very lucky because we have a little house in Bellaria, a little seaside resort on our Riviera

near Rimini, so we often go.

Instead, in winter I like the mountains. I love skiing and almost every year we go to the Alps. Usually we stay for one week, but this year, in January my little sister will be born therefore no skiing.

Another hobby of mine is artistic gymnastic. I did it for many years, but last year I had to give it up. Now I go to the gym and

sometimes I train at home too. When I was younger, I went swimming.

Even now, I follow all the competitions and I will go to see the next national one.

In my free time, I often watch films with my friends, we love especially romantic stories.

I think I will attend university after high school and I still have quite a few years to spend on my education.
