

MY PERSONAL PRESENTATION

Hello! My name is Carlotta. I am 15 years old and I live in a small town called Medicina located in the province of an important city called Bologna even if I was born in Castel San Pietro Terme. I am a brown eyed and haired girl. Moreover I've got a small thin mouth and a big nose and I'm not very tall. I live in a wide white house situated in front of a petrol station. There I live with my parents and my grandparents. My relatives and I, all have a good relationship, in fact we are a very unified family. I am very shy and because of shyness I have not many friends but, at the same time I'm kind and polite and I always help people who are in difficulty. Momentarily I'm attending an important and prestigious high school called ALESSANDRO DA IMOLA which is located in Imola. There I'm studying modern languages such as: Germany, French and English. I have chosen this school because according to me it gives a lot of opportunity relating to the world of work and thanks to which I can communicate with people all over the world. When I'm not at school I like spending my free time staying with my cousin Francesca because we can't see each other, in fact she lives very far from me. Moreover I like staying with my animals and playing with them after finishing my homework. In addition to this I practise horse riding twice a week. I've been practicing it for five years. At the beginning I was scary of horses in fact I didn't want to approach them but after long time I totally changed my mind and I practice it still now. I can't wait to have my own horse.
