

Hi, my name is **Arianna**, I am 15 and I'm already running out of ideas...
JUST KIDDING! Or not... ☺

I live in Italy, more precisely in a town near Bologna called Imola;
currently I'm attending a high school specialized in foreign languages.

As you may be thinking, I am not going to introduce my parents, my
grandparents, their addictions and habits and so on.

All I want you to know is that I have a twin brother and we get on quite
well, his name is Andrea.

To whom it may concern, I am deeply addicted to volleyball, I've been
playing it since I was eight, I play volleyball 4 times a week and I am so
keen on it ☺

Aside from being a volleyball player, I really like listening to music and
wherever I am headed, I have my earphones in my pocket. I mainly listen
to pop music either English or Italian. My favourite Italian singer is
Tiziano Ferro, I really like his lyrics and obviously his tunes.

Besides I am also a travel-addicted, if it were for me I would take a plane, a
train or whatever it is, every day of my life. But life is not a dream and we
are all aware of that haha ☺

I have been abroad many times in my life but those holidays I enjoyed the
most were the ones I spent on my own. I went to Ireland twice and there I
attended an English course, I had the time of my life!

Apart from these things I really like reading and lately I started reading in
English; last but not least, I love hanging out with my friends for a pizza or
just to have a walk altogether.

So, this is me! I will leave you my facebook info below, hope you will get
in touch as soon as possible.

Hello, my name is Greta, Greta Collina, I'm 15 years old and I'm from Imola, exactly I live in Casalfiumanese.

I'm attending a high school where I'm studying languages.

I chose this school because I like languages and I like travelling around the world. In my class I have met new girls and boys, with my classmates I share tears and smiles.

I am a nice girl and I make people laugh, I'm stubborn and I get easily offended. I love doing what my head tells me; I like to make people happy and often I care more for others than for me, I am easy in making friends. During the school period I usually go out on Saturdays with my friends from school, or I go to the disco with my best friend.

Since I was a baby I have been swimming and this year I have taken up gymnastics; another passion of mine is to go to skiing in the mountains, I go every winter. Finally, I want to tell you that my biggest absolute passion is my Scooter, I love it more than a real person.

Hello!

I'm **Giulia Epis** and I'm 15 years old. I'm an only child and I live with my parents in Ozzano dell'Emilia, a little town near Bologna in Italy.

I'm studying at a High School specialized in modern languages in Imola and I like it very much.

I'm tall and slim, I have brown eyes and long curly brown and blonde hair. I don't like curly hair in fact often my mum straightens it for me. I have a quite big nose and thin mouth.

I like wearing sport clothes and sometimes elegant clothes too.

I'm nice, cheerful, I'm not shy indeed I'm very extrovert, in fact I hate to be alone and I prefer to spend my free time with my friends. I'm also headstrong and a bit touchy.

I play in a competitive volleyball team in Bologna. It's the fourth year I've been practicing this sport for years and I love it very much. I train three times a week and at the weekend I have the match against other Emilia Romagna's teams. I hope to become a very good player and win a lot of matches with my team.

In my free time, when I finish my homework and when I have not any training, I like listening to music, watching TV, chatting and going shopping with my friends. I also like to go running with my dad and help my mum to bake cakes. I love eating every type of food but my favourite dishes are lasagne and tagliatelle made by my grandmother who is very good at cooking. Rarely I read detective or horror stories and sometimes I enjoy drawing.

I think that I'm lucky and I like my life.

Hi! **I'm Laura Baldisserri** and I'm 15. I live in Imola, near Bologna, in Italy. I'm attending a high school specialized in modern languages. It's called Alessandro da Imola and here I study languages, such as English, Spanish and German. I like my school but I don't like doing homework.

I love sport and I play volleyball 3 times a week and at the weekend I've got matches. I've played it since I was 9 and I really like my team and my coaches. When I was younger I did also athletics, swimming and artistic gymnastics. I really like football (and footballer), too. My favourite team is Juventus and my favourite player is Paulo Dybala. I always watch Juventus' matches

with my dad and my dad's friends and our dream is to go to Juventus stadium for a match.

My favourite season is summer. In summer I'm never at home, and I have a lot of fun with my friends and I travel with my parents and my brother. My last summer was fantastic... I went to the swimming pool with my friends, I danced at the disco, I sunbathed and I travelled a lot. In July I went, with my brother, my cousin and my aunt, to Germany and we visited a lot of cities. I really like Germany. In August I went, with my friends and my best friend, to Marina Romea (Riviera Romagnola). We had a lot of fun. We stayed all day on the beach and at night we went to the disco or we organized parties. Finally, I went, with my parents and my brother, two weeks to Cilento, in Campania. We visited a lot of seaside resorts and we enjoyed the beach. The places were very beautiful!!

I don't have much free time, because of school and volleyball, but I've some hobbies. At the weekend, when I haven't got a match, I go out with my friends in the afternoon and in the evening I like to go to the cinema, or go to the disco or give a party. I really like cooking, and I'm very good at it, too (ahahaha). I usually cook cakes, biscuits and pancakes but I prefer

eating savoury food. I love listening to music. My favourite types of music is rap and pop, but I don't have a favourite singer or band. I sang up until last year, but I had to stop for the school and volleyball. I was very sad. I love taking photos with my camera. Last year, my parents bought me a Nikon, and I love it.

I often think about my future. First I hope to have a family with children and pets, after having my degree at university and finding a job. I hope to travel a lot, with my boyfriend and my friends. I hope to have a peaceful and happy life with the people that I love.

Hello there!

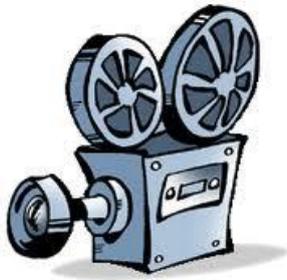

My name is **Giada**, I'm 15 years old and I come from Italy.

I attend a high school specialized in modern languages and I really like it although I think it is a difficult school, I have to work hard to get good marks.

My biggest passion is the cinema, I love all the films and TV series. My favourite kind of films are action movies and horror films because they get me involved and because I really like very lively scenes, but my favorite TV series are drama such as Pretty little liars ,Teen wolf etc....

I watch them especially in the original language (English or Spanish) to learn more about the pronunciation.

I also love reading but I prefer watching films.

One of my dreams would be to travel a lot and to make it a real job, even if my dream job would be to become a successful actress or director.

So far I have been to London, Barcelona, Sharm el Sheikh. Last summer my family and I went to the Maldives and it was an amazing experience.

What I most want is to visit America in general but especially the northern part to see how people live, to meet my favourite actors who live mainly in Los Angeles and to visit Hollywood universal studios.

One of my main characteristics is that I am very determined and stubborn.
