“100 dagen”

A few weeks ago we celebrated our last 100 days in high school. We were allowed to dress up for every day a whole week in fun themes. Thursday night we went out, it was so nice. We did not sleep and the next day we had to be at school in the morning that was really hard. But Friday we also had a lot of fun, we had to perform for the whole school and then we all had breakfast together and then we went for a class activity to the bowling. It was an amazing week

‘Parijs’

2 years ago we went to Paris with school, we had the choice between London, Paris and Amsterdam. It was a great experience we did a lot of fun things. we went to Paris with a nice group, at the end of the trip we were all friends.

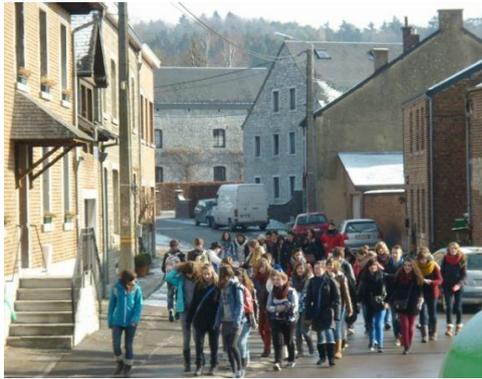

‘Solidarity walk’

We had to walk the whole day with the whole school in the city. But first we had to raise money for a good charity. It’s a nice thing because you are with your friends and you just have to walk and you can talk and laugh and you are doing a good thing.

'Basketball game between teachers and students'

Every year our school organize a few games between teachers and students, not just basketball but also football and other sports. The basketball games are nice, there is always a lot of support of other students who don't play. The games aren't very serious but that's fun, we always laugh a lot.

'Rochefort'

Several years ago, in the middle third we went to Rochefort. We were there three days we stayed there with a host family and we had to talk three days long French. We have done fun activities like visiting the city, karaoke and much more. It was a nice experience and it was a fun way to learn French
