

Hi, my name's **Gabriele** Strazzari, I'm 15 years old and I was born on 11 January 2000 in Faenza. Now I live in Imola, a town near Bologna with about 60.000 inhabitants. My family is formed by three people: my mum Laura, my dad Alessandro and me. Laura is 39 years old, she is an interior designer. Alessandro is 43 years old, he is a computer scientist.

I am attending the second year at high school. My school is called "Alessandro da Imola" and is a school specializing in languages. In fact I study three languages: English, French and German plus Latin and other subjects.

I've been playing football since I was 5 and for 5 years I went to swimming courses. I like playing videogames, reading and listening to music too. I support

Juventus and I play football in Imolese team as a midfielder.

This summer I had some great time: in June, I went to Cervia for a week with my grand-parents, then, at the end of July, again for a week, to Marche, in

a village, with my mum, my best friend and his mother. Last week of July I went to Calabria with my dad, my friend and to finish up with enjoyment in the August I went to Cadore (Veneto) with

and his father

Hi. My name is **Riccardo** and my surname is Chiesa. I'm 14 years old. I was born the 30 th September 2000 in Bologna, Italy. I live in Castel San Pietro Terme, a small town in Northern Italy near Bologna.

I attend the 2 nd year at High School. My High School is a school specialized in foreign languages. Indeed I study English (five hours per week), German (three hours per week), French (three hours per week) and Latin (2 hours per week). I also study Italian, History, Geography, Science, Mathematics and Religion.

I've been playing basketball since I was seven years old and years ago I played swimming and scuba diving. When I go on ski holiday with my parents I also show I am rather good at skiing. I've been skiing since I was four years old. I'm a scout and I joined the Scout Association at five. Last summer I was really lucky as I went to Japan to participate at 23rd World Scout Jamboree in Yamaguchi, near Hiroshima.

My family is formed by four people: my father, my mother, my sister and I. My father's name is Alberto and he's 49 years old. He works in a factory. My mother's name is Sabrina and she's 48 years old. She's a bank clerk. My sister's name is Erika Chiesa and she's 18 years old. She was born in Castel San Pietro Terme the 12nd December 1996. She attends the 5th class of a polytechnic school .

Hi, I'm **Giacomo** Fiorio, I'm 15 and I was born on 15th September 2000 in Imola, where I live. It is a town to the south east of Bologna. Now I attend the 2nd year of the language course at the high school "Alessandro da Imola". As you can understand, I study languages more than in other Italian schools. These languages are English, French and German. We don't study only languages: luckily, we also study other subjects such as Maths, Science, Latin, Italian...

In my spare time I play tennis with my friends, my brother or my father. Before playing tennis I also played basketball, had athletics and swimming courses. I have been playing the trumpet since I was 7, and I quite like all types of music.

My family is made up of five people: my father, my mother, my brother, my sister and me.

My father's name is Fulvio and he's 45. My mother is Paola and she is 45, too. My brother and my sister are twins: they were born on 12th October 2005, in fact they are 10.

This summer I went to the mountain with my friends for a Giovanissimi camp in Folgaria, where I had the possibility to make new friends and I enjoyed the experience a lot. In Folgaria we also played some games, and we trained basketball, football and beach-volley. Unfortunately, on the third day of that camp, someone pulled me and I fell down and nearly broke my leg. Luckily, I was quick enough to protect my leg which didn't break. Last summer I also went to a trumpet master class for a week, where we played the trumpet for at least 8 or 9 hours a day... at the end of the week I was "destroyed"!

Hey there, my name is **Samuele** Taormina and I am 15 years old. I come from Bologna that is situated in the North-East of Italy, I live in a town called Castel San Pietro Terme, that is famous for many things that I will tell you about. I attend the second year of a language course at “High School Alessandro Da Imola”. I am learning English, French, German and Latin; I like this school very much because it gives me a lot of opportunities for my future life in the business world. In Imola I also play football in a local but quite important team called Imolese. This football season will be very hard as we will have matches against football team such as Parma and Varese. I’m also a wild-eyed fanatic of Bologna football team and I often go to the Dall’Ara stadium to support it. In my free time I also play videogames and I often go out with friends. I enjoy eating meat a lot and castrato is simply delicious! Anyway my favorites food is pizza, pasta and hamburger, so my mum and my grandmothers cook these dishes often. Of course my mum does not only cook for me but also for my father and my sister.

My mother is an employee and she is 44 years old; my dad is an employee too and he is 46 years old. Finally my sister who is a 10 year-old pupil. At home we have also a little
