

Hello! My name is **Noemi** and I'm 15 years old.

I'm Italian and I live in a small town near Bologna.

One of my favorite hobbies is listening to music above all pop music, indeed I listen to a lot of pop singers and a bit of rap music.

Sometimes I read some books when I have time, for example adventure and fantasy books.

I really love travelling even if I don't have much possibility to travel.

Indeed my dream is to study "Interior design" abroad and living abroad for example in the USA. I hope to go next summer to England to improve my English.

I really like foreign languages, indeed I attend a high school specialized in modern language, and I study three languages: German, Spanish and obviously English and I hope to improve them all this year.

Hi,

my name is **Rachele** Castellari and I'm 15.

I was born in Faenza but I live in CastelBolognese.

I attend a high school in Imola: I study three languages: English, German and Spanish.

I play volleyball three times a week and I teach rhythmic gymnastics four times a week to young children.

I have two brothers, Michele and Raffaele, and a black dog called Luna.

In my free time I read books, listen to music or go out with my friends.

Hello, my name is **Beatrice**, I'm 15 years old and I'm studying languages at Alessandro da Imola high school. My family isn't very big, I've no brothers or sisters but I've a dog. Her name is Kira and she is 3 years old. She's not very big and she has white long fur. I love spending time with her and petting her while I watch TV.

In my free time I like going out with my friends and we usually go to Bologna and do shopping, but we like going to the cinema to watch horror films too. Four times a week I've my volleyball training and at the weekend we usually have a match. I've played volleyball since I was 8 and I've never given up even if I've had some problems. I really love this sport because it's a team sport so I can share my emotions with my mates, who become important even out of the gym too and we usually go out together.

When I'm at home I usually watch TV programs, films and TV series and my favourite is "Lost" and when it ended I cried because I was keen on it. Now I'm watching "The walking dead" and I'm waiting for the next season. I like listening to music too and my favourite kind of music is rap and I usually listen to Italian rap but also English rap from East and West Coast, I listen to pop music too.

My favourite subject at school is English, but in general all the languages. I love travelling in fact every year I take a holiday with my family abroad, for example we went to Spain, Germany, England, France, Egypt and some more. One year ago I went to London with my schoolmates, my English teacher and some other schools from Bologna; we were in a college and we did lessons of English but we also visited the city. I met and made a lot of friends from other countries such as from Spain, France and Belgium. I went to Edinburgh too with the school and it was a beautiful experience. My dream is to go to the USA and visit for example New York, but I'd like to visit Australia too.

Hi, my name's Carlotta.

I'm a 15 year-old girl, I live in Imola, a town near Bologna, in the north of Italy.

I attend a high school specialized in foreign languages, I study English, German and Spanish.

I really like this school because I like studying different languages and learning something about cultures and traditions that are different from mine.

In my free time I really like hanging out with my friends or staying with my family, going shopping or watching a film.

But my big big passion is playing volleyball. I've been playing this sport since I was 9 years old and I love it.

I have volleyball trainings three times a week, I love my team mates and my trainers are also really nice.

I also like listening to music, especially rap and pop music. Jovanotti is my favourite Italian singer but I like some English and Spanish singers, too.

I'm quite good at school, my favourite subjects are the three foreign languages but I don't like studying a lot as the majority of teenagers!

I'm friendly and extroverted but I'm also really stubborn, moody and a bit crazy. I like meeting other people and making new friends.

You can add me on Facebook if you want: Carlotta Pirazzoli

I hope you'll get in contact with me soon.

Carlotta.

Ciao, **I'm Giulia** Dall'Olio, I'm 15, I'm from a town in the northern part of Italy called Imola and I'm attending a school specialized in foreign languages. I'm interested in learning languages, and other cultures not because I don't like the Italian one (actually I'm proud of being Italian, our food tastes sooo good!!!!!!) but just

because I want to have another point of view. When I finish school I'd like to move abroad and spend the rest of my life living in different countries. Talking about my hobbies, I have practiced synchronized swimming since I was 10, last summer my mate and I won the bronze medal in the National Competition. I've got synchronized swimming training almost every day during the week, but I can also find the time to hang out with friends, spend time with my parents and with my sister, or listen to music. I'm addicted to Eminem, he's of course my favourite singer, I literally love him and I always listen to his songs as soon as I can. What I like of him is mainly his voice and his lyrics, the messages he gives are always so deep.

If you want, you can follow me on my instagram to see more pictures, my name on that social is "giuliadallolio_".
