

Photos and videos of eco pedagogical areas

Our school garden

The students, in cooperation with the members of the B and C KAPI of the Municipality of Zografou, talked about herbs and their importance and then planted in our garden.

Our greenhouse

Our school, in the framework of the environmental program, is in the process of building a greenhouse where plants will be grown using hydroponics method. The greenhouse will operate with photovoltaics, in an effort to understand the importance of organic farming.

Visit to Diomidis Botanical Garden

The "Botanical Garden of Ioulia and Alexandrou Diomidis" is the largest Botanical Garden of our country and the entire Eastern Mediterranean as well.

ΣΥΛΛΟΓΗ

Salvia
Phlomis

The students had the opportunity to talk to the gardener and he informed them on seeding plants.
