Povestea focii de Marea Neagră

A fost acum ceva timp o focă. Ea se săturase ca în fiecare zi la Polul Sud să vadă numai ghețari și pinguini. Își dorea ceva diferit, ceva nou. Așa că a pornit cu prietena ei cea mai bună în călătorie.

Prima oprită a fost în Africa de Sud unde a întâlnit o colonie de urși de mare
Când a întrebat cum e viața acolo, i s-a spus că e minunat, doar că în zonă erau
foarte mulți rechini. Neștiind ce e acela un rechin, i s-a zis că rechinii sunt niște
creaturi fioroase, care li așteaptă în apa adâncă să-i înțețe. Cuprinsă de frică,
foca a plecat repede și a ajuns în Sudul continentului sud american. Aici era tot
frig și era o altă amenințare. De data asta știa de ea, orca. În concluzie nu era
bine nici aici. În drum spre Europa, a ajuns în Marea Mediterană, dar aici nu erau
foci (în afară de prietenii ei), nu era bine. După ce a trecut Marea Marmara
(prea mică), a ajuns în Marea Neagră. Aici era totul perfect. Nu erau amenințări
și avea mâncare din belșug. Așa că a chemat mai multe foci în marea minunată.

Astfel a apărut foca de Marea Neagră

The Black Sea, a blue sea

With boundless beauty

You've been carrying tireless for so many years

Mysterious waves on the sand.

They gently carried in their salt water,

Song after song, your wonderful story.

In primary classrooms, students used their creativity by making comics or by composing lyrics, stories, and legends about the SEA.

MĂRTIȘORUL - A TRADITIONAL SPRING CUSTOM IN ROMANIA

Erasmus+

Students made Romanian traditional symbols of spring, using marine elements, which they gave to the teachers and their mothers.

The European Ocean Coalition (EU4Ocean) connects diverse organisations, projects and people that contribute to ocean literacy and the sustainable management of the ocean. Supported by the European Commission, this bottom-up inclusive initiative aims at uniting the voices of Europeans to make the ocean a concern of everyone!
