

Vama Veche

The heart of Rock music in Romania

Vama Veche is the perfect place for a vacation. It has nice beaches, rock festivals and very good food. Since the late 1990s it has experienced development which has led to a "Save Vama Veche" campaign that is lobbying for the area's environmental conservation. A major part of this campaign is the 2003 founding of the Stufstock music festival. Both were initiated by the "Association for the Conservation of Bio-Cultural Protected Areas" NGO. If in August 2003 the festival drew a crowd of about 10,000, in 2005 the Stufstock record was of 40,000 participants.

Costinesti,
a place to party under the stars

Famous for being the resort of the youth, Costinesti welcomes its guests in a cheerful and very animated atmosphere. It is located on the shore of the Black Sea, about 30 km south of Constanta. The beach is surveyed by the two symbols: the Obelisk and Evanghelia shipwreck.

The Beach

The beach of Costinesti resort has 1 km length, and its width varies according to its sectors. In the Obelisc area, it is wider, yet very busy during summer, in the North it is narrower, covered with fine sand and boarded by a low cliff.

There are also beach bars and entertainment centers. Costinesti resort has a small inland lake, the only one on the Romanian coast that is not fed underground.

Things you NEED to see

The nightlife is focused around the two discos, in which, during the summer nights, concerts are held by the most popular bands from across Romania. Because Costinesti is frequented by youngsters, the atmosphere tends to be livelier than in the other Black Sea resorts.
