1st WEEK: 13th APRIL

ACTIVITY

How do you feel these days?

We are living a new situation for all of us. Let's share how are our feeling these days. Maybe you feel sad, angry, worried, happy to spend time at home... sometimes a mix of all these feeling?

How we can present this activity? You can share this activity with us in different formats.

- A video where you can appear and explain how do you feel.
- A video only with images and an audio
- You can post an image or a draw and a writing to help you to explain how do you feel.
- You can create a composition with newspapers or magazines to explain the situation.

Deadline: Wednesday, April 22th

Everything's gonna be alright

I am worried about those people who are suffering, I guess like all of you.

But I want to be positive and I would like to believe that we can learn from a situation like this. We should be thankful for all we have. In essence, love more and complain less.

I hope all of you are healthy and safe.

I'm OK

This days are pretty normal, I'm not bored nor supper happy, they are pretty basic. It's just a thing we have to get over

ENRICH ORIOL 21 DE ABRIL DE 2020 11:21

I'm fine and sure

These days I feel tired of repeating the routine of getting up, eating, sleeping.
But I am using this time to do things at home and it is going well

improvising for confinement

It is being a little difficult because it is difficult to be at home for so long without going out but we are relaxing and we are already used to it but we are fine.

PERISSÉ FERRAN 05 DE MAIG DE 2020 11:46

Confinement

At the beginning of confinement I thought it would be very boring, stressing, etc. But the truth is that I am very comfortable with all that, and I still have not come out any day. The sport that I spend more time is the basketball.

Make your emoji!!!

Cómo crear emojis en tu cara en Android e iOS para luego usarlos en apps como WhatsApp o Instagram

Vamos a explicarte cómo crear emojis con tu cara en Android e iOS, de manera que luego puedas utilizarlos en otras apps como WhatsApp, Telegram, Messenger o Instagram. En iOS es algo muy sencillo debido al sistema nativo de Memojis, que son emojis con tu cara que se integran en el teclado para poder usarlos con cualquier app.
