

# What makes a school subject fun or more interesting to learn?

# What did you like most in this project?

Foreign partners

Meet new people

We can contact with other countries.

You can communicate with other people

Meet foreign people

Speak in English and collaborate with everybody.

Meet people

meet new people

Meet new people and be more creative

# What did you like most in this project?

Talking in English with foreign people

we can talk to people from other countries

Don't have classes

Meet new people and communicated with them

NATO is our ally italy our friends

nothing

I liked the puzzle

I liked everything but most of all the games and communication with people.

Work group

# What did you learn taking part to this project?

Macedonia is Bulgaria

The Puzzle

not too much but maybe  
communicate

That there are different ways to learn

Making puzzles

Culture of other countries

making puzzles and collages

Communicated with others

I've learned that portuguese people  
are more funny than the Italian lol

# What did you learn taking part to this project?

Learn differently

Well, i don't know, but i liked it

culture from other countries and  
remote group work

I've learned Italian people are more  
fun than Portuguese lol

Improve your English and open your  
mind .

communicating with others

Potogthesis think their food is better

EVERYTHING

I learned a lot about other countries.

# What did you learn taking part to this project?

The final videoconference
