

## Infirmary :

In the infirmary, we welcome sick students, who do not feel well. In there they can rest and wait for their parent

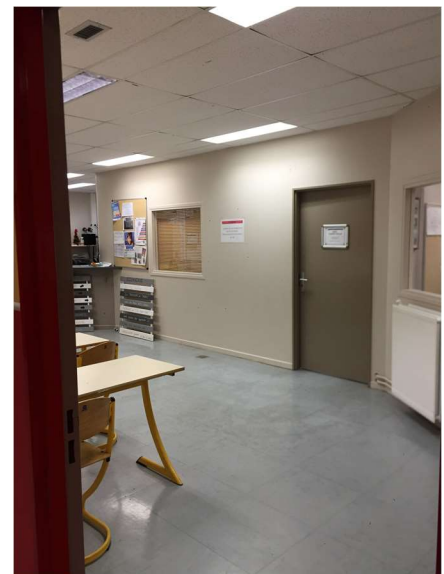

## CDI :

The CDI is a miniature of a library that is in the school it is for the students. Inside there are books, printer computers... Students can go there for work, explore books while being quiet

## School Life:

In school life, students go there to justify absences or delays in progress. When they are not accepted or when they are transferred they also go there to signal that they are no longer in progress.

## The enter of the HighSchool :

This is the entrance of the High School, when the students enter the school they have to show their notebooks.
