

MY E-TWINNING PROJECT

Giacomo Bolognesi

- **TOPIC:** Gender inequalities in sports
- **GOAL:** Raise people's awareness of gender inequalities through the use of digital tools.
- **METHOD:** online activities in collaboration with international students.

WHAT I LEARNED

- A more in-depth perspective on the issue of gender inequalities.
- I improved my digital skills by learning how to create an escape room.
- I Improved my social skills

POSITIVE ASPECTS

- very interesting project that deals with a very important topic.
- very practical and efficient Twinspace website.
- The chance to meet people from other countries

NEGATIVES ASPECTS

- The only negative aspect of the project was in my opinion the difficulty of cooperation between the various students

CONCLUSION

I would highly recommend participating in such a well-organized project that deals with very important issues
