

The Etwinning project

Made by Sara Benetti

ADVANTAGES

- it has improved my ability to use programs
- it made me understand the importance of teamwork
- it allowed us to talk to foreigners
- it improved my English skills

DISADVANTAGES

- the site chat is not functional
- there have been problems in communication between group members

CONCLUSION

- I recommend it because it is an alternative way to learn or improve English skills
- suggestion: improve the chat, so that group members can collaborate in a better way
