Merit doesn't depend on Gender

My team logo

A great collaboration with my classmates which was the strong point in this project

BENEFITS

Developing computer skills

The opportunity to communicate with foreign students

The topic of gender inequalities

DRAWBACKS

Failure to communicate on the
forum

Delay in deliveries

Having to make up
for others

5 GENDER EQUALITY

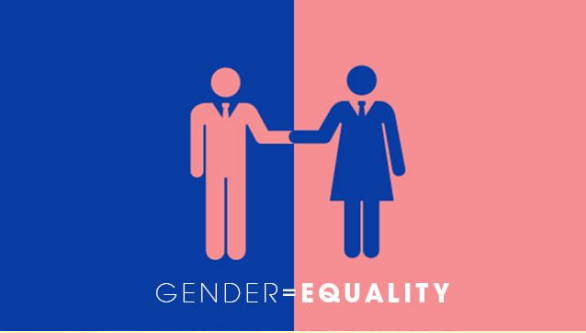

Conclusion

I would like to stress that this project was really useful because:

- it deals with a very important topic, namely that of gender inequalities: goal number 5 of the 2030 Agenda
- it has given us students the opportunity to collaborate with other foreign students in this pandemic time
- I learned to collaborate more and to distribute the work better
- I discover new things

WOMEN ARE EQUAL TO MAN
