What was missing most for you ?13 réponses

I think that the hospitality was so fulfilling !

nothing

Free time

nothing at all

I did not miss anything

I didn't miss anything

The possibility to sleep more because I must wake up every day early but after a bit of habit it wasn't a big deal.

most time with the girl that was hosting me

most time with the girl who host me

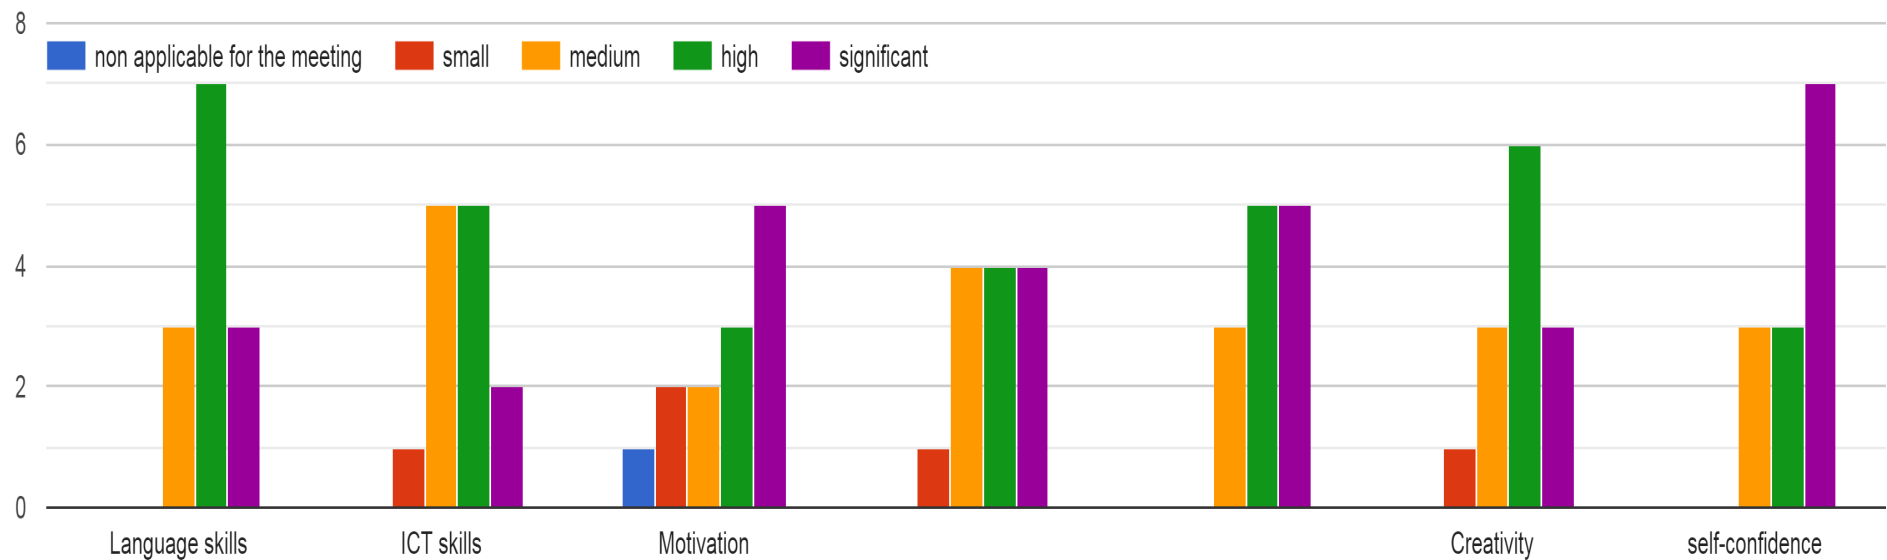

There was more time with my hosting family needed and also a more welcoming mood from the rest of the students of the school

Language barrier between my host family.
