## **BeTwinningHappyPupils-Be Happy!**

With this project we want to empower pupils to learn in creative and fun way- *learning through play* to preserve their mental health.

## **ABC Read With Me!**

The backbone of the project is encouraging reading and creating reading habits by reading diverse literature for children, like children books, comics, short stories, texts, poems, plays, magazines...

## We are eco friends!

This project is designed for students to study and know animals and plants in their area better and also to develop respectful habits towards the environment.

The final aim of the project is analyzing some environmental problems and develop initiatives to improve specific situations in our students' nearby surroundings.

## Project of school librarians *Year of reading*

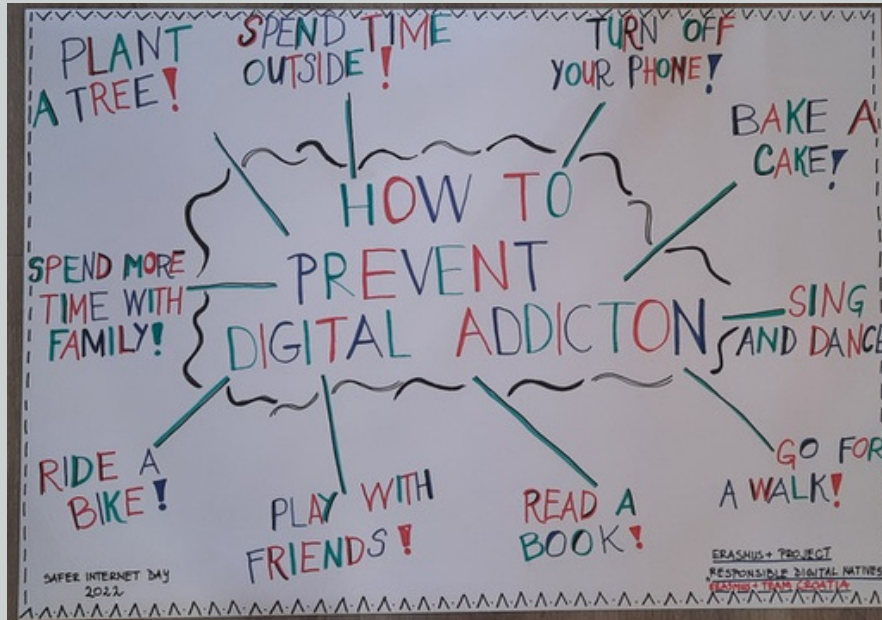

During the project participants participated in a variety of stimulating and creative activities to encourage reading and the acquisition of reading skills.

## Erasmus+ Responsible Digital Natives 2020-2022

In this project pupils learn how to use digital technology in the safe and proper way gaining the skills of media and information literacy.

## Learning Outside-Vivid Exploration

Our project promotes outdoor learning, exploration, vivid learning and healthy lifestyles.

## School Permaculture Garden

This project promotes healthy lifestyle, outdoor learning, gardening, inclusion and lifelong learning in our endeavour to provide a holistic education to pupils.
