

PROJECT Erasmus+

“WHAT A WONDERFUL WORLD!”

THE BEAUTY OF THE EARTH

Co-funded by the
Erasmus+ Programme
of the European Union

Today the Beauty of the Earth is
such a good gift but so fragile.
You all claim for clean air to breath and
crystal water to drink all day.
One doesn't think that pollution
Can change the climate and our future.

Our new role will be “Green” magicians!
We cast a spell on your welcoming hearts.
From now on you can play a new sound
With sensitivity, in harmony.
And day by day the smile of Nature
Will be brightly shining everywhere.

Is our message getting through?

The Rhythm of our green hearts will change the rules. Let it be!

Because the Earth is
such a treasure and every stone or plant
Water or living being
deserve to be loved.

Is our message getting through?

Sing with joy and dance Sing the Beauty and Joy of this wonderful world
Such a beautiful gift in our hands.
That's the world!
