SCI-FI
ADVENTURE

THE COMPLEXITIES OF SPACE ARE ON SCREEN, BUT THE FILM'S MESSAGE IS ABOUT MANKIND, OUR PLANET AND THE CONSEQUENCES OF ACTIONS. OUR RECOMMENDATION IS GET COMFORTABLE (THE MOVIE IS 169 MINUTES LONG), ENJOY THE MOVIE'S JAW-DROPPING VISUALS AND DON'T WORRY ABOUT GETTING LOST IN THE SCIENCE OF A VERY CONFUSING PLOT.

OSCAR
WINNER

FOR THE BEST SPECIAL EFFECTS

AND 4 NOMINATIONS
