

My garden

Oh! I adore sitting in my garden
Enjoy its multicolored flowers
Like a rain bow after rain
The trees in the corners giving it a unique view
My dog playing and guarding my little castle
How sipping a cup of tea here
Makes me feel I have all the treasures
Of the great world

Winter

I see dark cloud high in the sky
I smell the odor of rain in the soil
I hear the thunder`s roaring
I taste my mama`s hot coffee
I feel the cold shaking my body
