# I, Susana

Sweet, sincere, sensitive and smart

Unique as if I were a piece of art.

Scientific, I could be, but

A doctor is more like me.

Natural and delicate like a rose.

And this poem from my imagination arose.

That's it, that's me!

I, Adrian

Always waking up at seven o'clock,

Definitely bugs me, it is a shock!

Relaxed, dedicated and academic.

Imaginative and, on my bike, energetic.

An engineer I want to be,

Naturally, I want to build a ship.

That's it, that's me!

I, Roberto

Romantic films and books I love and

Outside my home, I am also beloved.

Being an engineer is the best job.

Emotions I will never stop.

Recycling annoys me but

Thoughtful of the environment I must be.

Oh, and I often go to the sea.

That's it, that's me!

I, Andrea

Attentive, accurate and adorable

Never, I never get into trouble.

Dancing is not my thing,

Reaching out for success is what I mean,

Easy because I want to be an actress.

Acting would be good, all I need is practice.

That's it, that's me!

I, Gema

Grumpy people bug me a bit,

Exciting people, with that I agree.

Maths and Science are not super.

A judge I want to be in the future.

Fair, friendly and funny I can be,

Modern and happy, that's me to a T.

That's it, that's me!

Gema Funes Maldonado

I, Jose

Jellyfish in the sea really bug me but my own fish, with that I agree.

October is a month that I really love but studying Art I'm tired of.

Scientific studies is a good degree but

Electrician is more like me.

That's it, that's me!

# I, Salvador

String beans is something I fancy,

Alligator food is probably quite chancy.

Love snakes and school breaks.

Very hardworking and a good speaker,

Always dreamed of becoming a teacher.

Depending on my grades,

Oh! I am allowed to play videogames.

Remember! I don't like it when people call me names.

*That's it, that's me!*

I, Robert

Reporter, workman or doctor I could be,

Occasionally I want to be teacher because it's more like me.

Being a student drives me crazy but

Especially weekends is something I fancy.

Rainbows I love but

Telephones I am tired of.

That's it, that's me!

Roberto García Rodríguez.

I, Cristina

Conservative people really bug me but

Responsible people, with that I agree.

I really like ice cream.

Sweet and sincere I can be.

Travelling around the world is my dream,

If possible, I will do that with my team.

Nice, natural and honest, I am like a gleam.

A teacher or an actress I want to be.

That's me to a T!

I, Patricia

Painting and drawing is what I dislike

Acting and sport is mostly what I like.

Teacher or novelist I could be but

Reporter or doctor is more like me.

I really like riding my bike and

Cooking at home I quite dislike.

I love singing with my mike,

A good dance and going on a hike.

That's me to a T!

# I, Samuel

**S** is for special, because so I am.

**A** is for active, I am never dull.

**M** is for much joy I share around.

**U** is for unstoppable, I do things hands down.

**E** is for energetic, always on the go.

**L** is for loving, I love football, do you know?

That's me to a T!

active  
unstoppable  
energetic  
special

I, Barbara

Bad horrid people really bug me but

Adorable people, with that I agree.

Realistic and sensitive, I'm in love.

Brave, brainy and besotted, just like a dove.

A profesional dancer I want to be.

Really, dancing is my dream.

And I also love eating ice cream.

That's me to a T!

I, Ainhoa

A police officer I must become,

In search of missed people, helping everyone.

Never ambitious neither aggressive.

Happy and positive, I am impressive.

Often adorable rarely unreliable.

Agreeable, adventurous but not incapable.

That's me to a T!

I, Aya

Adventure  
awaits

Adventure is mostly what I like.

Yawning is something I dislike.

An architect I must be,  
Always working like a bee.

Yesterday I went on a hike,

Almost fell from a height!

That's me to a T!

**Thanks to all my students for their effort.**
