**Winter**

Is cold  
And I wear fluffy clothes.  
In this period I drink  
Hot chocolate and  
I stay home a lot.

**Summer**

Is hot  
And I wear light clothes.  
In this period I drink  
Ice tea and  
I go out every day. **Petrea Ana Maria**

**Summer**

is too hot  
Raining  
Sunny  
In the summer  
the birds are singing

**Winter**

is too cold  
Snowing  
Cloudy  
In the winter  
the birds are leaving **Nicodim Melisa**

**Summer**

Is  
Too hot  
You laugh  
and smile

Is sunny

and try to be fine  
the cold winter  
is cloudy **Moldoveanu Andrei**

**Winter** is lonely and, therefore, cold.  
**Summer** has nature as its friend, which is why it is so warm.

Because of the lack of affection, winter is colourless.  
Due to its given love, summer represents life, green.

Nature dies for summer to bring it back to life.  
Nature gets revived for winter to kill it. **Petrea Ana Maria**
