

My Christmas Magic Soup

Lee Jung yoon

This magic soup will make you energetic,
And live for really being.

First you need to add a candy

And lots and lots of fresh blueberrys.

After that you add two lemons.

Make sure they have lots of Vitamin-C.

Now you need 20 cups of grape juice,

And 500 little easter eggs,

Finally you add some salt and sugar

And the things you want to put.

Now you have a magic soup poem that rhymes, ^{don't}

Just say happy Christmas three times!
