

## Activity Report

### Let's celebrate: Tolerance Day – 16<sup>th</sup> of November 2017

Secondary school no. 1, Independența  
Grades: I- VIII

Participants(number): 194 students from primary and lower secondary level

Students have been put in situations of understanding/ the attitude of tolerance / intolerance and those accompanying them: peace, conflict, help, indifference, acceptance, respect etc.

Activities carried out:

- case studies based on watching cartoons or suggestive videos,
- reading and commentary based on specific theme texts,
- applying questionnaires to students measuring thus the degree of acceptance in their group of friends of those peers, neighbours, acquaintances that belong to a different religion, to a different ethnic group, or have different financial opportunities;
- translating into drawings the examples of tolerance or intolerance found either in the readings or in the viewed films,
- making posters, collages or puzzles, summarising thus the concept of 'tolerance' and of tolerant behavior.
