10.Question

Finally, write a slogan about global problems and climate change.

- Make it green
- Save the world and be safe!
- Protect the environment and yourself!
 - Into the cleaner future!
- Let's fight Corona to save the planet!
 - Don't ignore, but act!
 - Lift it up or be littered!
- Let's protect others by protecting ourselves.
- A lot of trash in seas and around us, big climate changes
 - Protect nature we need it!
 - Be careful, nothing is forever
- Together we can handle every single problem!
- It's our planet! Save it for the future generations!
 - Save the earth
 - Be a part of the solution
 - Not part of the pollution
 - Be natural for nature.
- Waste less, enjoy life more
- Climate is changing, what is waiting for us in the future?
 - Don't pollute, be healthy
- Change yourself first, then change the climate
- Protect your climate, stop the global problem!
 - All together we can make a better world
- For a livable future we must solve the problems of today
 - Do your best
 - Nature is our life
 - We can still do it

- Earth is sick, we have to help her
- The future is in our hands!
- We need you to realize
- Problems for solves
- Future in develops
- No need you, there is Corona
- We are all on the same ship, if the ship is getting water this is our problem.
- Sollution not Pollution
- For the world, for the future...
- Save nature to save your future!
- Washer washer save the water
- The earth is our most chance. So we can protect them.
