

NATUPARK

**Per: Ivan Barroso, Cristian Domínguez, Pol Dieguez,
Miguel Ardite, Víctor García, Mario Millán**

What's the Natupark?

The Naturpark is a heights park made by wood platforms, ropes and nets at the top of the trees. It's situated in Cerdanyola, in Catalonia, Spain. It's a nice place to go with your family or friends to have a good time with a little bit of adventure.

Our pictures

In the park, we can find different color races, the easiest race to the most difficult race:

Green < Blue < Orange < Red < Black

This picture was took in the red race.
In this picture, we can see Víctor in the final rope of the red race.

Our feelings!

We think this excursion was so fun. We've been in separated races all over the morning. This is where we've been:

Miguel, Cristian and Pol: **Blue** and **orange** races

Víctor: **Blue** and **red** races

Mario:

Ivan: **Blue** and **red** races

Personally, we've liked so much this activity. We will recommend it to boys and girls with our age, 13 or 14 years old.

Training zone

So here is the training zone.

Here is where the teachers explained us how to use the rope and what to do when you get stuck at some point of the race.

I recommend you to pay attention of what they say!

And here you can train too, how to use the rope, harness and the zip line.

THANKS FOR THE
ATTENTION
