Luxury leaves

Leaves come in all shapes and sizes,

The pile just rises and rises,

Leaves are just like a luxury bed,

But they are everywhere and they just spread.

There are red leaves orange, white, green and brown.

You are all standing on them if you look down,

So many leaves fall down in a day,

All the way from red to grey!

Leaves are really cool,

They also rub!

Leaves are really fun for playing,

But then your mum comes and shouts "Your Overplaying!"
