

IT'S HERE, IT'S ARRIVED !!

Coronavirus has infected people in Catalonia. Nowadays there are only 2 people from Barcelona who are infected.

Olot, 27/02/2020

Coronavirus is a type of flu but without a medicine to cure it.

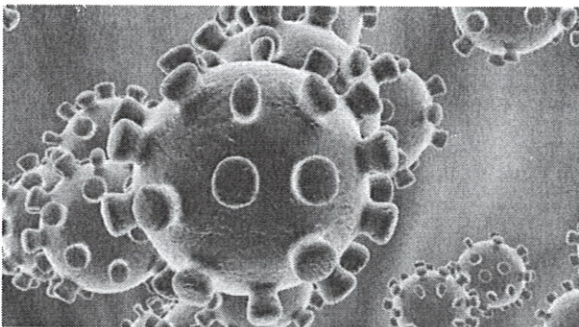

Coronavirus was detected in China (Wuhan) last December. At the moment there are 1.000 people who have died because of coronavirus.

These last days this type of flu has spread in Italy, Spain, Iran...

The first person infected in Barcelona is an Italian girl who is 36 years old. Over the last 10 days she

travelled to Italy. Now she is being treated in Hospital Clinic from Barcelona.

The second case is a 22 year old boy who had been in Italy. He was in Milan. The young man went to the emergency room last Tuesday because he had different symptoms, such as sore throat and headache. He was later diagnosed with Coronavirus.
