

## SPECIAL WEEK

***This week the students of Escola Pia have made an exchange with slovenian and czechs teenagers.***

During this week, they did a lot of activities together. They visited Olot with the teachers, some museums and exposicions of volcanoes and video games. They also went to Barcelona, there they visited a lot of things with a tour guide, for example: the cathedral, the townhall...

The students had a great time with the other teenagers. They learned a lot of things and obviously they practise a lot english, that's very important.

# CORONA VIRUS HAS ARRIVED HERE

***Last week, some students of Escola Pia has made an exchange with Slovenian and Czechs.***

This week, they did all the activities together with the Czechs and Slovenian teenagers. So they had a lot of contact and they didn't be careful or they thought that Coronavirus was not a problem, but then they discovered that they had the Coronavirus.

All the students started being ill and they had to spend all their time at home and they can't go at school. This was a disaster but at least, after one month, they finally can go to school and do their normal lives.
