# FIRST STORY

Yesterday we went to Prague with Erasmus+. During the bus trip we were talking, laughing and taking pictures of the landscapes. When we arrived the city we were amazed by the beauty of the buildings next to the river, that captivated our attention. We visited a museum. Then we had lunch with our teachers and after that we ate a typical check sweet called troló. In afternoon, when we were walking through the bridge, Maria and I got lost. We were taking photos and suddenly we couldn't see anyone from our group. We tried to look for our teachers and we went straight, thinking that our group was in the other side of the bridge. Then Daniel called us and said that everyone were looking for us. So we got relieved and went back next to our friends. After that episode we went to the center of the city and watched the funniest thing of the trip: the clock. In general, we appreciated the day and we want to come to Prague a few more times.

# SECOND STORY

Yesterday we went to Prague with Erasmus+. During the bus trip we were sleeping so we didn't take any pictures or even talk. When we arrived the city we took a lot of photos and we talked with our teachers about our experiences with the host families. We visited a museum. Then we had lunch with our teachers. We wanted to try a check sweet called troló but it was too expensive. We walked through the center of the city. We were very anxious about seeing the clock but unfortunately we got lost in time when were taking pictures in the square. When we realized that the bell was ringing we were far away from it, so we couldn't see it. Despite of that part of trip we appreciated the day and we want to come to Prague a few more times.

## IN PRAGUE

Yesterday we went to Prague for the ERASMUS+ project.

We started traveling at half past five A.M. and after four hours we finally arrived in Prague.

When we arrived, the first thing we did was going to the DOX MUSEUM... the contemporary arts museum of Prague.

It was really interesting.

It dealt with the dangers of social networks.

Then we had free time and we changed money to buy souvenirs for our family.

After that we went to Starbucks where we bought a cappuccino.

We laughed all the time and we relaxed on a couch.

Finally we passed on the SAN CARLO bridge that crosses the MORAVA river.

After all we returned home.
