

SPORT / LEISURE ACTIVITY	
¿Is there any specific competition for disabled?	
Yes, there is a specific competition for disabled competition in which there are shorter chest than the normal one, and people are on the wheelchair with decline wheels.	

¿Are there any disabled players who compete/play together with not disabled ones?	
No there aren't .	

If "Yes"	¿Why?	
	¿Does it need something which improves the inclusion?	
If "not"	¿Why?	Because the difference between normal people and disabled people are too much big.
	¿Have you got any idea for enabling that this sport become inclusive?	
	No, because what is possible to do is already done	

Conclusion, taking into account different disabilities: blind people, people in wheelchairs, hemiplegia, people without a leg, people without an arm, etc.

For us, the disabilities are big limitation, but with a strong mentality and fixed objective all the people can play all the sports what normal people do.

For abled people with disabilities all the population have to diminish the istingt of discrimination.

These people have a great willpower, because even if they have suffered different problems, they continue their life not stopping in front of apparances.

They are very strong and must be respected for their willpower and dedication to get things done.

**Instructions:**

Teachers will create a page and subpage for every sport, and you can work on it.

Use the app you want in order to fill the given questionnaire. In case you prefer to, instead of filling the template, you can edit a video, write a poster, create a podcast... Whatever you consider it will be the best.

Deadline for uploading your task to eTwinning: 24th April
