

I learn about the illustration of the euro coins in Greece. I associate information-name and match the correct currency (after I fill it in the blank of the information text).

On the coin .... depicts a **tanker** that symbolizes the bold entrepreneurial spirit in modern commercial shipping.

The coin ..... depicts the form of the first Governor of Greece, **Ioannis Kapodistrias (1771-1831)**.

On the coin ... is depicted a **trireme**, which was the main ship of the Athenian Republic of Classical times.

The coin ..... depicts the kidnapping of **Europe** from the bull-transformed Jupiter, as depicted in a mosaic of the 3rd century AD that was found in Sparta

On the coin ... the figure of **Rigas Feraios-Velestinlis (1757-1798)** is depicted.

The coin ..... depicts the figure of **Eleftherios Venizelos (1846-1936)**.

The coin ..... depicts the street or **corvette** that was one of the types of ships used during the National Liberation War (1821-1827).

The coin ..... depicts a copy of the **Athenian tetradrachim (TETRADRACH)** of the 5th century BC. a century bearing a **spectacle of owl**, a symbol of the goddess **Athena**.
