

hello cemre and elif

My name is Hayrunisa. I am a 7th grade student at Mustafa Kemal Secondary School. I love all classes, and my biggest dream is to become a doctor. I love spending time with my friends, listening to music and reading books

I talked about myself, now I want to know you.

#### PROBLEM

- 1: almost no trees in our school
- 2: no recycling processing in our neighborhood and school
- 3: our school has no recycling bins for batteries
- 4: there are many animals around us and they are harmed
