TO WHOM IT MAY CONCERN

Mr Dzheyhan Eminov was an apprentice in our company from 5 Feb – 15 Feb 2019. He is a personable young person who is calm with a deep passion for learning and sharing his experience and skills. It was a pleasure to have him in our company. He was diligent in his work, and has completed all the assignments that were set for him. His abilities in terms of IT related work have been a great benefit to our company, where they have meshed well together with the business of e-commerce that we deal in.

Dzheyhan can work both independently as well as in a team, following through on tasks to ensure that they are done with a high degree of accuracy and care. He is flexible and willing to work on any project that is assigned to him. Dzheyhan was quick to volunteer to assist in other areas of company operations as well. There isn't anything that makes me doubt his integrity or honesty; in fact his whole attitude is upright and commendable. He is a real role model for his generation.

Dzheyhan would be a tremendous asset for any company and has my highest recommendation. I'm happy to provide further information if required.

Reference for Ivan Evgeniev Ivanov

19/7/18

To whom it may concern,

Ivan has completed a 2 week work placement at Camara Learning as a Computer Workshop Technician, effective from 10/07/18. We refurbish computers to provide digital literacy in disadvantaged communities. Ivan is punctual, has a positive attitude, is quick to learn, and an asset to the team. He gets on well with others, is a team player, and has excellent communication and time management skills. I have included the Computer Workshop Technician role description for reference.

Ivan is self motivated and has an aptitude for IT. He is eager to learn more and gain further skills to enable her to have a career in IT. I think he has great potential and that he will do well and be successful.
