Sherlock and I

Chapter 1

The unexpected trip

I was at home when the phone rang. It was answered by my mother. It was an important call because her happy face changed suddenly. She was shivering and seemed quite concerned. I knew what was going on...She put the phone down and looked at me as if she were turning herself into an ice cube in the middle of the snow.

Everything was said and done. Her look told me the worst; she didn't need words.

- "You know what you have to do, don't you?", she said
- "Yes, mum. I'll be fine", I said.
From that moment on, I knew it was going to be a very tough trip but Sherlock needed me...
