

# SDG LESSON PLAN

---

WATER SCARCITY  
MELİKE ONAR/İSMAİL SAFA ÖZLER  
ANATOLIAN HIGH SCHOOL

RELEVANT GOAL: Goal 6: Clean Water and Sanitation

---

## Outcomes

During and after the lesson, aim to:

- raise awareness about the importance of water
- learn, through discussion and observation, about the importance of water, the many different ways we use it, how it can be wasted and the measures we can take to save it.
- learn more about the causes and effects of water scarcity and several possible solutions to the problem.

## Age and level:

---

- Young learners at intermediate level

## Procedure:

Warmers : Briefly check that learners have an understanding of what the water crisis is by wanting them to prepare mind map.

Comparing ideas Show the students the slide about water scarcity and then want them prepare posters about what they have learned from the slide. At the end of this part arrange a brainstorming activity among the students.

Making a conclusion: Arrange Kahoot game about water scarcity. At the end of the game declare the winner and want students prepare posters on canva about water scarcity.
