Language

I got rich in speaking English

No comment

I have learned to be more friendly, I tried for the first time in stay alone,without my parents, and I improved my English, talking with other guys about difficult themes.

New friendship

Any difference

For me everything was different,never having traveled abroad,but everything was beautiful

Some differences are for example that during the recreation we do not go out in the courtyard but we remain in class and that we do not have a kiosk where to buy us the snack but we have to bring it from home. Whit this experience I improved my English a lot and I also learned words in Spanish and Greek.

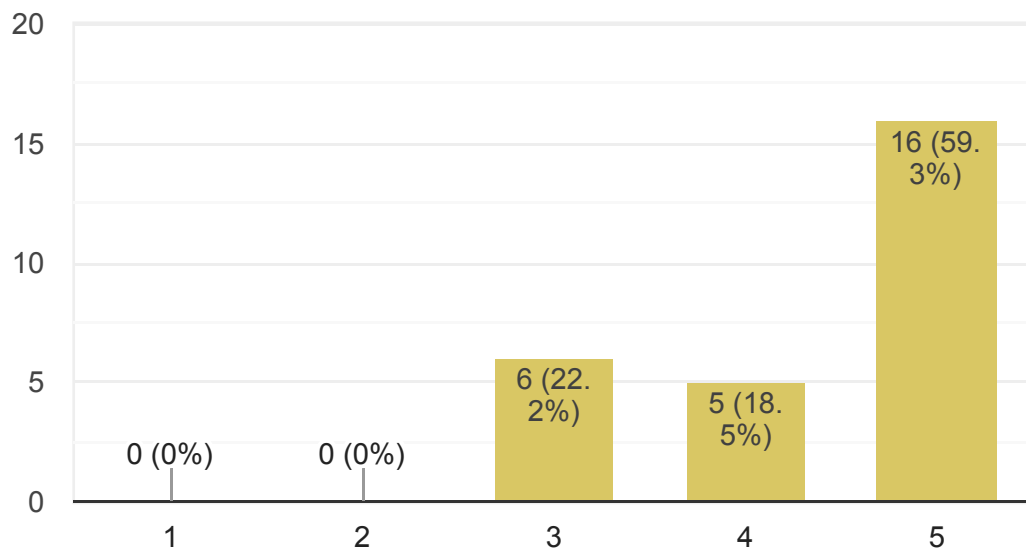

I have enriched the English language.

The school is very big and very clean and they are all good at speaking English, so we understood what they were saying

more social, I improved in English, more respectful of the environment

21. Please name one aspect of the mobility trip you liked the most and one you liked the least

Inmigraton

The most was meeting people and the least was to wake up very early

We made friends

We cannot speak with Spanish

the part of the trip that I liked best was when we went to Thessaloniki with the Greeks and the Spaniards and the thing I liked the least was when we presented the comics

I really like all about this trip, and the better one it's been had free time and talking with Greeks and Spanish guys

The trip was fantastic the thing that was the most beautiful for me was when we took the place... And the part I didn't like was when we had to go back San Nicandro.... Because I was very sad to leave the new friends.

The most beautiful thing was the integration and there are no things that I didn't like

I love the Greek people

I liked everything

The thing I liked most was the guided tours from which we learned a lot of new things.
The thing I liked the least was the last day we had to say goodbye.

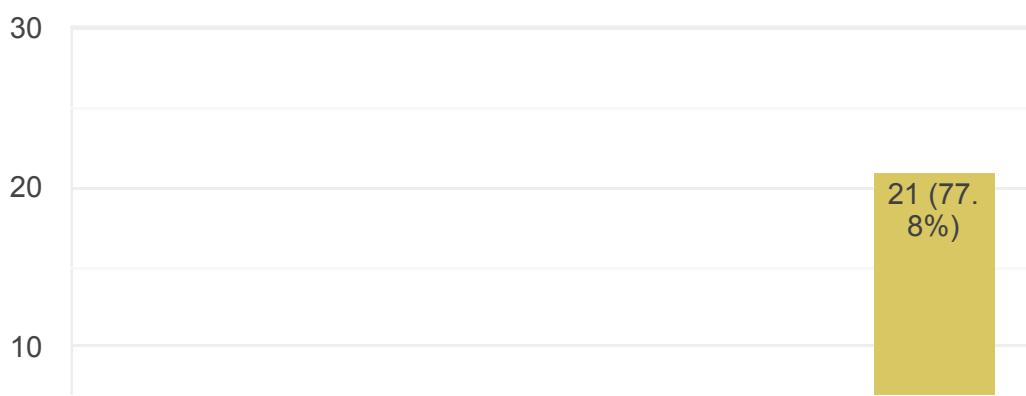

Meet new people

I especially liked the people because they were all friendly and affectionate

I liked a lot the olympic games, but I don't like the presentation about the seven themes.

22. After this experience, I would recommend other pupils to take part in Erasmus + projects

I would like to visit the most beautiful places in San Nicandro... And talk about its history.

The same things

I want to visit you my city

I wouldn't change anything

I would do the same things that they did with us Italians and that is to make everyone fell like they were at home and bring them to visit all the most beautiful places around my country.

I would go to visit the monuments

Nothing, is all beautiful and organized very well
