"In a healthy body, healthy mind"
Get on the bike, love the move!
Put on the skates, take up hobby
And take care of your body.

You can dance or swim,
As it is worth to fight for being slim.
It is also important to eat well,
Fresh fruit for breakfast, I would tell.

When the belly is full,
Doing homework is cool.
Go for walks, eat a cherry
But also remember about dairy.

I'll give you advice,
Eat healthy products at a good price.
In a healthy body, healthy mind,
Run fast, you'll be fine!

Play football with your friend, Do not eat the crisps, I recommend. With a friend, swim in the lake, Instead of eating a sweet cake!
