

Questions provided by Croatia and checked by Spain

Immigration and Integration		
Of all the asylum claims in 2015 (1,321,560), what is the percentage of those claimed in Germany (see the map)?	38%	Round off to the unit
Which countries had more than a million of refugees displaced since 1991 (see map)?	Syria, Afghanistan, Rwanda, Iraq	Ok
If the trend of an average of 47 migrants per day coming from Turkey continues, what is the number of migrants that are expected to arrive in 2017?	17,155	The info required for answer is in formulation of the question. No need to look for it on the poster.
What is the number of refugees in the top three source countries of refugees (data collected by the end of 2014, see the map)	7,6 millions (any answer between 7 and 8 is ok because the graph is not precise)	Ok
Youth Employment		
The unemployment rate of Europe's young generation is 21%. Is it more or less than the average unemployment rate of the entire working age population in Europe?	Less, unemployment rate of an entire working age population in Europe is one-third, which is 33%.	We wouldn't give this answer. Youth is 23,5%, overall is 10,9%. <i>*One poster says 10,9%,</i>

		other says one third
Among five partner countries in this project, what percentage of GDP the country with the lowest unemployment rate allocates for research and development?	Finland, 4%	OK.
In which of the 28 EU countries the percentage of young people working on temporary contract is lower when compared to the percentage of overall working population working on temporary contract?	Germany and Austria	Answer is OK. But maybe it is difficult for students to identify DE=Germany
Among five partner countries in this project, find which country has the lowest youth unemployment rate, and if this rate is lower than EU28 rate?	Latvia (15,7%). Yes, it is lower than EU28 rate, which is 20,9%	OK
Poverty and Social Exclusion		
In terms of income, is a person earning a monthly average income of €1,700 in risk of poverty if the monthly average income of a country is €2,367?	No, 2,367 is 72% of an average income, which is more than 60%	OK
Was the number of people threatened by poverty higher or lower in 2014 when compared to 2011?	Higher	OK
Of the 8,2 million people facing poverty after social transfers, what is the percentage of those who are/were severely materially deprived?	52% (44,8 out of 86,2 million)	Round off to the unit
Among five partner countries in this project, which country has the lowest percentage of population at risk of poverty or social exclusion, and is this percentage lower than the EU28 average (see the graph)?	Finland. Yes it is lower than EU28 average	OK

Renewable Energy		
Among five partner countries in this project, which country has the lowest CO ₂ usage per capita?	Latvia	Ok. But maybe it is difficult to translate the name of the countries.
What was the increase in number of biogas plants in Europe in the period of 2010 to 2014 (see the graph)?	Around 7,000	Round off to thousand units.
What is the percentage of the solar energy production in the world's total energy production?	1%	Our answer is 0,24% *I referred to the text below, but it looks like data at the poster is not allined
What was the decrease of the Arctic Sea Ice surface in 2012, compared to 1984?	3,6 million km ² of ice less	Our answer is 3,29 million km ²

Questions provided by Spain and checked by Italy		
Immigration and Integration		
According to the International Organization for Migration: a) What is the percentage of migrants who died or disappeared while crossing the Mediterranean Sea from January to May 2016? b) Calculate the rate of people who died or disappeared per day during the same.	a) 1.2% b) 16	ok

<p>Have a look at the <i>10 ways to manage migration crisis</i> poster:</p> <p>a) In which country war is presently forcing people to leave their home and causing one of the worst refugee crisis?</p> <ul style="list-style-type: none"> • Which of these statements are true? <p>b) Provide economic alternatives in smuggling communities</p> <p>c) Increase development in East Africa</p> <p>d) End the war between Vietnam and Indochina</p>	<p>a) Syria</p> <p>b) True</p> <p>c) False</p> <p>d) False</p>	<p>I changed the question slightly</p> <p>Now I think it's ok</p>
<p>a) In which country were there 2.5 million refugee citizens outside its borders in 2014?</p> <p>b) What percentage of refugees were from Sudan and South Sudan in 2014?</p>	<p>a) Afghanistan</p> <p>b) 9%</p>	<p>ok</p>
<p>Calculate the difference between the total number of Refugees and migrants who arrived in Europe in October 2015 and in May 2016.</p>	<p>215,543</p>	
<h2>Youth Employment</h2>		
<p>What percentage did the youth unemployment rate decrease in March 2016 compared to March 2015? Round to the hundredths decimal</p>	<p>10.38%</p>	
<p>If the European Labour Markets kept the same proportions in 2020. How many people would be unemployed if there were 300 millions active persons? Round to the thousands.</p>	<p>28,240</p>	<p>I do not understand what proportion the question refers to</p>
<p>a) In how many measures is <i>Changes For Young People</i> initiative divided into?</p> <p>b) Among the partner countries in the project, which one has a youth unemployment rate below the European average?</p> <p>c) Which acronym is used to refer to a group of young people who are neither in employment nor education or training?</p>	<p>a) Two</p> <p>b) Latvia</p> <p>c) NEETs</p>	<p>ok</p>
<p>What goal does the Europe 2020 Strategy have with respect to reduce:</p> <p>a) The unemployment rate of 20-64 years old people (desired %)</p>	<p>a) 75%</p> <p>b) 10%</p>	<p>Ok (changed the question mentioning %)</p>

b) School drop-out rate (desired %)		
What was the percentage of NEETs in Europe in 2012?	13.2%	ok
Poverty and Social Exclusion		
<p>1. The figure 5.11 shows the number of million of people who are at risk of poverty or social exclusion (AROPOSE) in the EU. Considering the following events:</p> <p>A = {Severely materially deprived people} B = {People living in household with very low work intensity} C = {People at risk of poverty after social transfers}</p> <p>Calculate the probabilities:</p> <p>a) P(B) b) P(A∩C) c) P(A∪B)</p>	<p>a) 0.34 b) 0.19 c) 0.60</p>	?
Have a look at the table People AROPOSE in the countries of the project. Which country is the furthest from reaching their objective in 2020 in absolute terms and which country is the furthest in relative terms?	<p>a) Italy b) Spain</p>	ok
<p>True or false:</p> <p>a) In 2012 the percentage of children AROPOSE in Spain was higher than in Italy. b) In 2012 the early school leaving rate in Croatia was the lowest of the five countries of the project. c) Nowadays the percentage of students who drop-out school in the EU is lower than 10%. d) The richest quintile of the population earns, in relative terms, more in 2014 than in 2010.</p>	<p>a) False b) True c) True. You are right, it's false d) False</p>	<p>Check c) please</p> <p>I think it is false according to what is said in our posters (13%) (Do you mean the average percentage?)</p>
<p>a) Comparing the people AROPOSE in 2008 and 2014, write which countries of our project have reduced their number during that period. b) In some countries is there a bigger risk of poverty and social exclusion as an adult</p>	<p>a) Finland, Croatia, Latvia</p>	ok

than as a child. Which of these countries belong to our project?	b) Finland	
Renewable Energy		
According to the European Biogas Association, what was the installed capacity of biogas plants in 2011?	5,360 MW	ok
Which renewable energy are we talking about? a) It can be harmful to birds and other flying creatures. b) It has been used since the Roman times. c) It is only capable of producing power during the daytime d) Countries that do not have any coastal or hilly areas may not be able to take any advantage of this kind of power.	a) Wind power b) Geothermal energy c) Solar energy d) Wind power	ok
a) What is the long term goal for 2050 regarding greenhouse emissions? b) If the forest area was around four billion km ² in 2016, how many km ² are expected to be left in 2030? Round off to the million.	a) 80-95% b) 800.000	a)The percentage refers to what? b) ? please check
What is the percentage of renewable energies that come from traditional biomass?	8%	ok

Questions provided by Italy and checked by Finland		
Immigration and Integration		
How many people died of sea voyages since 2013 (hundreds, thousands or	thousands	ok

millions) ?		
How much do people generally pay traffickers for each sea passage to Europe?	Between 2000£ and 3000£	Can they answer 2-3k£?
What were the major source countries of refugees at the end of 2014?	Iraq, Syria, Afghanistan	ok
If we compare data of migrants arrivals and sea deaths in 2016 can you tell me what is the percentage of migrants who have died from sea voyages? ARRIVALS: 204,311 DEATHS: 1,443	More than 7%	I get it to 0,7% . Is there a number gone?
Youth Employment		
What is the average youth unemployment rate in Europe?	23%	ok
What was the 2012 average percentage of early school leaving in Europe?	13%	ok
What is the working hours percentage difference between Europe and Japan or the USA?	10%	ok
What does NEET stand for? What is the present average percentage of NEETS in Europe?	13.2%	ok
Poverty and Social Exclusion		
What are jobless households?	homes where all members are unemployed	ok
According to Europe 2020 strategy 20 million fewer people should be at risk of poverty within 2020. Can you work out the fraction value of reduction taking into account that the number of people at risk of poverty was about 120 million in 2010?	1/6	ok
Considering that the total European population is about 500 million and that 1	Around 25% (24,2 in 2011)	ok

person out of 4 is at risk of poverty, what is the present percentage of people at risk of poverty in Europe?		
What was the percentage of children were at risk of poverty in Europe in 2014?	27.8% (aged below 18)	ok
Renewable Energy		
Where is the largest biogas factory presently located?	China	ok
How has the number of available biogas plants changed in Europe from 2010 and 2014?	the number has doubled	ok
Mention at least four renewable energy sources	Solar power, wind power, hydropower, bioenergy,..	ok
What are Europe 2020 climate and energy goals?	-20% greenhouse gas emissions +20% renewable energy +20% energy efficiency	ok

Questions provided by Finland and checked by Latvia		
Immigration and Integration		
Which year between 2006-2015 have had the lowest permanent immigration flows	2010-2012	ok

Which is the fourth major source country of refugees	Sudan	ok
How many refugees has died outside of Spain?	6	ok
How many refugees did the West welcome after the Vietnam War	1,3 million	ok
Youth Employment		
What is the target employment level for Latvia for 2020	72,8%	ok
How many percent of young people had part-time contract in 2012	32%	ok
What is the “Your first EURES job” project	Support young people to find a job in another EU country	?
Which jobs are in demand	ICT jobs	ok
Approximately how many young people are unemployed in Europe today	4,3 million	ok
Poverty and Social Exclusion		
Poverty line can vary between which values	200€/month to more than 300€/month	ok
How many percent of household in Ireland are jobless	23%	?

Is noise pollution something we should be worried about	Yes, it can effect us negatively	ok
How many percent of native citizens risk poverty or social exclusion	22,5%	ok
Renewable Energy		
How much has Finlands greenhouse emission risen since 1960	With 7,1 units	ok
How many percentages has the number of biogas plants risen from 2010 to 2014	65,2%	?
By how many percent has the Artic Sea Ice shrunk from 1984 to 2012	49%	ok
How many litres water does a meat eating people use to get their food in one year? How much is it for a vegan	5526465 liters vs. 414275 liters	ok
If a nuclear powerplant produces around 770 MW how many wind turbines with a capacity of 3 MW do we need to build to get as much energy as from the nuclear powerplant?	257	Ok

Questions provided by Latvia and checked by Croatia

Immigration and Integration		
Which country had the biggest migrant count in the end of 2014?	Syria	OK
In which year did Germany receive more than 476 000 new asylum applications?	2015	OK, but we only have information for 2015
How many millions of refugees did the West receive after the Vietnam war?	1.3	OK, but the question should not require answer in "millions"
How many migrants did arrive by sea in 2016?	204 311	OK
How many refugees went missing or died in 2016?	2 443	OK
Youth Employment		
What part of EU citizens is unemployed? <ul style="list-style-type: none"> · Less than 1/10 part of citizens in work-appropriate age · At least 1/10 part of citizens in work-appropriate age 	At least 1/10 part of citizens in work-appropriate age	OK
Which country (Italy, Spain, Croatia, Finland, Latvia) has the highest level of unemployment?	Spain	OK (if the answer is Spain)
Is unemployment level in Spain higher/lower than the 1/5 part?	lower	I don't understand the

		question
What part of citizens (aged 20 – 64) should be ensured with employment by 2020?	3/4	OK, allow answer in %
Does unemplomenth rate between the youth is higher than the 1/5 part?	no	OK
Poverty and Social Exclusion		
In how many countries is there a bigger risk of poverty or social exclusion as an adult than as a child?	7	OK
which country is the biggest risk of adult poverty?	Denmark	OK
Which country has 6% risk of children's poverty in 2012?	Ireland	Graph says Ireland is 34.1%
How many percent of EU citizens were still at the risk of poverty or social exclusion in 2014?	25%	OK
By how many thousands should be poverty and social exclusion decreased in Croatia to reach target?	23 000	OK, but If the question says "in tousands", the answer sould be 23
Renewable Energy		
How many millions of hectares of forests are chopped down every year?	30milj acres = 12milj hect	OK
By how many percent EU wants to reduce greenhouse emissions by 2050?	80-95%	OK

How many percent of renewable energy was consumed in 2013?	19%	Reformulate: what percentage of the total energy consumption was renewable energy?
By how many degrees you have to decrease temperature when doing laundry to save almost half of your energy usage?	from 60 to 40 = 20*c	Add ...doing laundry at 60° to save...
How many percent of all used water in Finland goes to raising animals for food?	50%	OK
