**Was it better or worse to invest in many companies or in just a few of them?**

*Hasan (Turkey) : "It was better to invest in many companies because you have a chance to make more money"*

*Giovanippio (Italy): "I think it is better to invest in many companies because you can make more money"*

*Daniela (Spain) : "It's better to invest in less companies, because you can control your money easier"*

*Nikola (Latvia) : "It was better to invest in a few companies because it was easier to keep up with prices"*

*Papachristou (Greece): " I think the best thing is to invest in a few good companies to be more confident in your success"*

**Was it better or worse to do many transactions or just a few?**

*Hasan (Turkey) : "It was better to do many transactions because I think we earn more money by making more transactions."*

*Giovanippio (Italy) : "I think they must be balanced with what has been spent and what will have to be bought."*

*Daniela (Spain) : "It's better to do many transactions because you have more chances to win more money."*

*Nikola (Latvia): "It was better to do many transactions because then there were more opportunities to work with money."*

*Papachristou (Greece) : "The best option for me is to do many transactions "*

**Was any of the weeks particularly good or bad for investment?**

*Hasan (Turkey): "Yes, the weeks with lower prices were better when we were going to sell."*

*Giovanippio (Italy) : "During the weekend."*

*Daniela (Spain) : "Weekend its the best time to sell because Its all more expensive"*

*Nikola (Latvia) : "Yes, there were weeks when prices were high and weeks when prices were low."*

*Papachristou (Greece) : "I think that some weeks were bad and others very good ."*

**What do you think about this activity?**

*Hasan (Turkey) : " I think it was complicated but when you solve the logic of this activity, you realize it is a simple event."*

*Giovanippio (Italy) : "I think it is really interesting and teaches a lot."*

*Daniela (Spain) : "It was interesting. And it's a good activity to know how to manage your money."*

*Nikola (Latvia) : "It was interesting. I gained new experience and knowledge in investments. "*

*Papachristou (Greece) : "I think that i learned a lot of things through this contact with the program that i didn't know before and that's the point !"*
