Visit to all-gas production center in Chiclana

Aims:

- Visit to the All-gas center in Chiclana

Activity:

After the visit to All-gas production center in Chiclana, we want that your team answers the following questions:

1. Describe which is the process for obtaining biodiesel from the fecal waste.
2. How does the sun helps in the production of this bio-diesel?
3. Does this biodiesel renewable energy help to the sustainability of Chiclana? How?
4. Do you think that this proposal can be extended to other countries?
