## Visit to “Laboratory of Systems and Materials for the Solar Energy” of the University of Cadiz

---

Aims:

- Visit to the “Laboratorio de Sistemas y Materiales para la Energía Solar” of the University of Cadiz

Done in the google form: <https://forms.gle/mPtD5BQGQfx92n98A>

Activity:

After the to the Laboratory of Systems and Materials for the Solar Energy, we want that your team answers the following questions:

1. Describe the usefulness of the work done by a team of researchers to improve the solar energy systems.
2. How is used nanotechnology for improving the termosolar energy?
3. How does the chemical analysis of the materials helps to improve the solar energy?

Co-funded by the  
Erasmus+ Programme  
of the European Union
