## What did you like/enjoy the most?

36 risposte

What I liked the most was being able to do different types of activities with different themes.

be able to improve my english

Have to do some research work and share with other students from other countries

I really enjoyed watching works from other colleagues from some of the most symbolic countries in europe.

Sharing ideas ,project work with students from other countries.

I liked exchanging opinions with teenagers from other countries

I liked working on my topic with my classmates and I really enjoyed the awesome results

I liked using prezi

I liked working with my group

I liked the most talking with people in english

I really liked works on topics.

colaborete with my friends

watch other works

Speach with european partners

nothing special

work with other people

I really liked this project, because it is very interesting

I liked to work with them

The project of gorup

I liked to work in a international project

Working with my classmates

share my ICT skills by doing a good job with others guys and girls from european countries

I really liked the project

I found the main idea extremely interesting and it was really easy for me to relate with most of the material our groups posted.

Getting to know people from other european countries

speaking with people of other countries

i liked working with my partners

i liked collaboration with eropean partners

I liked working with my classmates

I liked working with other people

everything

Work in group

The collaboration with european partners

Improving my English skills via projects

The very-very first activity.

riddles videos

## Was there anything that disappointed or displeased you?

28 risposte

No (3)

no (2)

I don't think there was anything disappointing or displeasing to me, but I think that we could have done more activities where we collaborated with our European partners.

I hope we can participate more with european partners

Nothing.

I think we could have done a videochat with some colleagues from other contries to know them better, but in spite of that, the things were very good :)

that it was not possible to spend more time in this project

I'm a little bit displeased on the fact that i didn't "talk"/"have a conversation" with my European partner

I'd like to chat with them

Nothink of important

speak not with other people

all the project

I didn't have a conversation with partner

Nothing

No nothing

The european partners were very slow to reply

Not being able to talk with our European partners directly

We could do better and faster work if we had dedicated more time for this project

Nothing

No, the whole experience was very pleasant and educational.

No, this project was beautiful

there wasn't anything that I didn't like

Nope

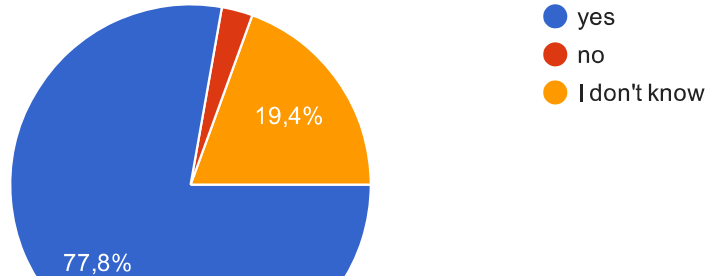

Nooo

I wnat to go to these countries

Would you like to realize an e-twinning project again? \*
