Firstly I will introduce our country. Turkish people are very affectionate and friendly. The Republic of Turkey welcomes thousands of tourists every year in terms of historical monuments, natural beauties, nightlife and food culture. The Temple of Artemis, one of the seven wonders of the world, is also located here. The Sea of Marmara separates the Asian continent from Europe along with the Bosphorus and the Dardanelles.

Therefore, Turkey has an important place due to its location. There are 81 provinces.

The official language we use is Turkish. There are also local languages spoken among the people. The capital of our country is Ankara and we use Turkish lira as the currency. The most visited cities are Istanbul, Ankara, Izmir, Antalya. Istanbul is also our most populous city. You can find a wide variety of places to visit in all of them.

There are many different food cultures such as Black Sea cuisine and southeast cuisine. It consists of soups, meat and vegetable dishes, pastries and desserts. Tea and Turkish coffee have an important place as a beverage. Mainly Baklava, sarma, anchovy, kebab, lahmacun, künefe and mantı are some of them.

And I want to talk about the best man who came to power in the country. The man who declared April 23 National Sovereignty and Children's Day to all children. The man who saved the country from countless disasters. The man who brought various innovations. And many more. Great leader Mustafa Kemal Atatürk.

Now I will introduce the city where I live. Aydın is located in the Aegean Region. Kuşadası and Didim are among the districts that tourists love. It also stands out with its agricultural culture. It processes various agricultural products such as strawberries, tomatoes, olives, figs. The most important places are the ancient city of Aphrodisias, the castle of Güvercinada, the cave of Zeus, the Arapapıştı canyon.
