The Ring

An arc-shaped stone, possessing, according to the legends magic force, is one of the symbols of our town.

What is
Bulgaria
famous for?

Bulgaria is one of the world's top rose oil producers. The rose oil is used to make some of the most famous and expensive perfumes in the world. One gram of rose oil contains 1,000 rose petals.

BULGARIA

Yogurt can be found around the world, but Bulgarians take pride in the fact that Dr. Stamen Grigorov, the scientist who discovered the bacteria that causes milk to become sour and turn into yogurt, is a Bulgarian. The bacteria was named after our country.

The Bulgarian folk song “Izlel e Delyu Haydutin” by the Bulgarian folk music singer Valya Balkanska was sent in deep space on the board of the US Space Probe – Voyager I, as part of a collection of our civilization’s finest cultural artifacts – a message to an alien intelligence.

Bulgarian Traditions and Customs

Nestinarstvo

Nestinarstvo is a barefoot dance on smoldering embers. This ancient ritual still exists in several villages in Stranzha Mountain.

A winter tradition that takes place from January to March all around the country, breaking the silence with the loud jingling of hundreds of heavy bells. The ritual requires all participants to be dressed up like furry monsters in order to scare the evil spirits away and help spring arrive on time.

Kukeri

Every year on 1st of March, Bulgarian people celebrate a centuries-old tradition called the day of Granny Marta. On that day Bulgarians exchange and wear the so-called “Martenitsas” – decorative pieces of red and white twisted threads, symbolising health and happiness and a lucky charm against evil spirits. The Martenitsas are given away to friends, family and colleagues and are worn around the wrist or on clothes.

СПОРТЕН ПРАЗНИК

На 28.04.2018г. в ПГИ се проведе спортният празник на гимназията. Излъчени бяха победителите в 10 вида спорт:

лека атлетика, волейбол (разбира се!), баскетбол, футбол, народна топка, тенис на маса, теглене на въже, канадска борба, шах и бридж. Всеки медалисти получава награда, осигурени

Особена сензация предизвика футболният мач между шампионите на гимназията от 11 д клас и отбора на учителите в състав: Руслан Кънев, Димитър Добрев, Тодор Пеев, Дарина Цандева, Георги Георгиев, Станислав Киров, Димитър Заналов. След оспорвана игра мачът завърши със символичен резултат от 6:6 (всичко пак това си е училище, нали!). За състава на учителите голмайстори бяха г-н Димитър Добрев с 3 гола, и г-н Заналов със забележителното, макар и по-скромно от това на директора, постижението от 2 попадения в противниковата врата. Черешката на тортата бе единственият, но запомнящ се гол на г-н Руслан Кънев.

Въпреки спортното майсторство на учителите, остана съмнение за културния вкус на учениците. Мълчат...

5 КУПИ ЗА СЕЗОНА...

НЕ Е МАЛКО, НАЛИ?!
Волейболният отбор на юношите към ПГИ спечели цели 5 приза през годината. Наградите никак не са малко и те абсолютно доказват колко самоотвержено отстояват спортния дух на гимназията нашите волейболисти! Накратко, ето малко факти-през сезона волейболистите ни успяха да стигнат до следните почетни титли:

- Градски първенец
- Областен първенец
- Зонален вицешампион
- Второ място от турнира за мъже в гр. Швенево
- Първо място от турнира в гр. Нова Загора

Пожелваме им да събират сили през летната ваканция за следващия сезон, в който сме сигурни, че отново ще ни дадат много поводи за гордост!
Успех, момчета!
