

ERASMUS TIME BANK

What is a Time Bank?

A Time Bank consists in a service in which people can help other people in exchange for favours, and it can be used to request help to other people.

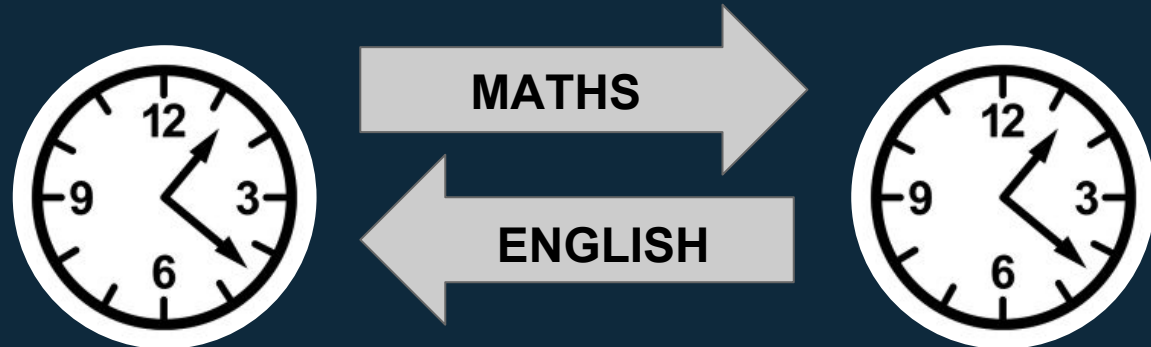

The common currency in a Time Bank, is the time.
In Málaga, we can find a Time Bank, that is called
"Banco del Tiempo"

How Do We Focus It?

We want you to know that our project is going to consist in helping other students which need help in some subjects like for example Maths, English, Science, etc.

ERASMUS TIME BANK

We started this project, because we wanted to spread out our Time Bank in an international sense, so we made a website, a Twitter Account and an E-mail.

WEBSITE: erasmustimebank.wordpress.com
TWITTER: @ErasmusTimeBank
EMAIL: e.timebank@gmail.com

OUR
LOGOTYPE

Ways to introduce the Time Bank in our high school

- The people who take part in the project will wear ID cards.
- This may be organized in the library.
- This might be organized during the break time.
- It has to be a website where people could log in and make their deliveries online.
- Encouraged people making promotions to make the exchanges of "favours" easier.

Time Bank Test

We're going to test the Time Bank only with the 20 students of ERASMUS+.
When this period finally ends, we will be able to insert the Time Bank in our high school, and then, spread it to other high schools in Málaga.
