

**RECYCLINGACTIVITY**Dateline: Wednesday, October 7th**RESEARCHING OURWASTE**NAME:PAULA RAMOS CAZORLAGROUP:1° BACHILLERATO A

Try to research honestly what you really do with these kind of waste at home, your school and yourcity.

| <u>TYPE ofWASTE</u> | <u>ORGANIC</u> | <u>PLASTIC/CANs</u> | <u>PAPER</u> | <u>GLASS</u> | <u>TECHONOLOGY</u> | <u>CLOTHES</u> |
|---------------------|----------------|---------------------------------|-------------------------------|--------------------------------|---|---|
| <u>WHERE</u> | | | | | | |
| HOME | Grey bin | Yellow bin | Blue bin | Green bin | I keep the broken gadgets until I can take them to the school or to the "CleanPoint" | Collecting them to throw them in "Madre Coraje" |
| SCHOOL | Grey bin | Yellow bin (in the coffee shop) | Blue bin (in the coffee shop) | Green bin (in the coffee shop) | There are some appropriate bins and a recycling company picks them up once a quarter. | We haven't any bin/container to clothes. |
| CITY | Grey container | Yellow container | Blue container | Green container | There is a "Clean Point" far away from myplace. | "Madre Coraje" container |

RECYCLINGACTIVITY

Dateline: Wednesday, October 7th

Thinking carefully about that first general clasification, would you find out others kind of waste? Someideas:

- About ORGANIC waste... Do you take apart usedoils?
- About PLASTIC/CANs waste... Do you take apart “food containers” and “chemicalcontainers”?
- About DERIVATIVES OF PAPER... Do you take apart wipes, tampons, compresses, diapers...? What about corks andpackaging?
- About GLASSES... Do you take apartbulbs?
- About TECHNOLOGICAL waste... Would you take apart differenttypes?

| <u>TYPE ofWASTE</u> | | | | | | |
|---------------------|--|--|--|--|--|--|
| <u>WHERE</u> | <u>ORGANIC (OIL)</u> | <u>MOBILES</u> | <u>GLASSES</u> | <u>BULBS</u> | <u>BATTERIES</u> | <u>TOYS</u> |
| HOME | Bottles and decanters of plastic to throw them later to the orange container (oil bin) | Putting them in a box or bin to throw them later in a mobiles container | Putting frames in a box to throw them later in a glassescontainer or bin (in every | Putting bulbs in a box to later take them to “Ambilamp” organization | Putting them in a box or bin to throw them later in a batteries container | Putting them in a bin to later take them to “Madre Coraje” organization. |
| SCHOOL | Bottles and decanters of plastic to throw them later to the orange container (oil bin) | Putting them in a special bin to throw them later in a mobiles container | Glasses’ frames container or bin (a time ago, we could exchange them for a candy) | Taking bulbs apart, but we don’t know what is done with them later. | Putting them in a special bin to throw them later in a batteries container. Last year we sponsored a monkey. | I think there isn’t a bin to throw them in the school. |
| CITY | Orange container (oil bin) | Mobiles container (we can find them in every mobile company shop) | Glasses container or bin (in every optical) | “Ambilamp” organization | Batteries container (we can find them in every mobile company shop) | “Madre Coraje” organization |
