

QR codes scavenger hunt

“Recent conflicts in European History”

Game’s instructions

Before the game

- Download a QR code reader on your Smartphone.
We recommend **i-nigma**”application.
- Make teams of 4-5 students, one of them must be Spanish. It is necessary to know different locations in the high school.
- Answers sheet.

Game’s objective:

- Complete the answer sheet by following the hidden clues in the QR codes.
- Complete the clue for each country will reveal a letter of the secret code. There are **5** hidden **letters**.
- When you get a letter, you must return to the map of Europe to get another code and so on until you get 5 letters.
- Find the correct combination to open the lock in the **final clue**. It will tell you where the treasure is.
- The team that finds the treasure will win.
- Come on! You will have a great time and learn interesting things about recent conflicts in the history of Europe.
