

POLLUTION IN CAMPANIA

CAMPANIA IS A REGION WITH A LOT OF POLLUTION.

There are different types of pollution : air pollution, noise pollution , water pollution etc..

- ❑ **AIR POLLUTION:**it consists of gases in the air,smog from car, waste burned.....
- ❑ **WATER POLLUTION:**it is presence of things in the water, for example plastic,trash bags...
- ❑ **NOISE POLLUTION:**it is unwanted noise, the sound of cars, underground, train...

Campania is also a land called ‘terra dei fuochi’ (land of fires) because some people bury or burn toxic waste.
