

POLAND TRADITION

Poland has many traditions, some the same some different but all of their ones are amazing, such as: The drowning of Marzanna, leaving an empty chair on Christmas Eve, Kanapki the open sandwich and so much more!

When does Christmas begin?

In Poland, Christmas starts to be celebrated on late November to the late December. Christmas day is called Wigilia, in Poland pronounced Wesolych Świąt.

Fasting

Starting on Christmas Eve, Poland stop eating for a whole day until the first star appears in the sky. After, they have a lovely dinner with 12 different meals.

The Kindness Tradition

This tradition is my favourite because of how sweet it is. In this tradition polish people leave cutlery and dishes for the homeless so they can celebrate Christmas too.
